J: i want you beaten up. I can't get caught. I wont be happy until I do

s: you wont be happy when you do

J: I will so. And I can't get caught

s: I don't agree. I think you can get caught

J: Yes

s: and don't talk to people you don't like

M: you have ruined his life julia. Scott tried for 4 hours the other night to post a tweet. And he still couldn't

J: and I don't mind if he writes what I say, because I care about him

s: thank you.

J yes, thats my attitude

M: thank you scott. For the people of the future

s: you entirely welcome

M: scott has to do everything twice, and he can't keep any passwords. Itsvery very bad for the future of life on this planet, becuas ethe sexual assault that leads to what we call freemasonry, really does make you telepathic shall we call it, and totally hostile towards schziophrenics

s: I agree., I think you so called telepathy comjes from cortisol poinoning, and that leads to vacuuoles on the prefrontal cortices, and that releases the hanbrake on normal capabilities and thinking

m: I couldn't have said it better scott

s: Julia, what do you think please?

J: (silence)

M: and your friend lionel that does the hacking is a total criminal, fuckwit,

s: yes julia. He is in for a great deal of legal trouble for the amount and scope of hacking he has undertaken.

M: and Ive got one more thing to say. That I am feeling sick lately, at the way you treat scott. It abysmal. Totally fuckin unruly.

fm? julia changed your blog

s: why, what was wrong with it

fm? people think you are a pedophile now

s: so what?

fm? you're going to get beaten up

s: well how will they find it?

fm? julia sends it to them

s: oh well, I'll have to put the original; back up then

fm? you won't get there in time

s: well, they'll have to keep checking it thenfm? why would they do that scott

s: so they can see what was written it in

fm? but julia tells them that is how it was

s: well, they will have to miss out then

fm? that's a strange attitude

s: well if she didn't like it as it was, then they will get what she gives them. And that's that.

fm? I like your attitude

s: it's the only realistic attitude
